CC: Paul Jordan <32285@lapd.online>, Lisa Schechter <lisa@mediadistrict.org>

Sgt. Olsen,

Completely understood and furthermore I agree with you.

Towing a vehicle is different from towing someone's home and that responsibility should be taken seriously by law enforcement and others.

I will interact with Paul Jordan, our Senior Lead LAPD.

He has been preoccupied with the fire's and temporarily reassigned to Sylmar, but I believe he is back in our area.

Personally, I would not mind the motorhomes so much if they would move out of our area occasionally.

The citations will help do this or at least indicate that there is a larger problem here and that you are doing your job.

We certainly appreciate that here.

Thanks,

Ron Grouper

Sir,

We can address the construction vehicle issues.

As for the occupied motor home and the other vehicles people are living in there, I going to have to refer you to your area council rep or to the LAPD Senior Lead Officer for your area.

We have been instructed that we are not permitted to remove the vehicles which are actively being resided in and that we are to refer the complaints to LAPD or direct the complainant to their local council rep.

They are actively pursuing a remedy to these neighborhood problems involving the homeless camping in vehicles on the street.

All we can do on our end it to keep issuing citations to them.
As you can see, our hands are this on this issue.

Regards

<mccaddenspace@gmail.com> wrote:

Sgt. Olsen and Lt. Smith,
In spite of your best efforts, we are still have parking and street cleaning
issues with RVs and other vehicles on McCadden and Romaine.

You mentioned that the Pace Arrow CA Lic. H3HHX828 promptly pays any
tickets so as not to risk towing.

Do the rest of these perpetrators also promptly pay?

Aerbus CA 2XQK764

Conquest_CA Lic. 7WPZ936

Dodge Cab over_CA 4JGP231

Windcruiser CA 2CFW944

Southwind IN Lic. R488EK-(EXPIRED TAGS)

Winnebago_CA LIC. 3ESP995 (EXPIRED TAGS)

The last two have expired tags - another violation.

The Winnebago has been at [6500 Romaine](#) with a flat tire for several months.

It has been ticketed and hopefully will be towed soon now that the city has found
other tow yards for these vehicles.

These are all easy tickets for your officers to write during the above hours of
violation.

Another recent problem are the construction workers that arrive in their cars on
McCadden as early as 5:30am which impedes the street cleaning options for BSS
during the week until 6:30am.

We used to get street cleaning from 5:30am to 6:30am when the sweepers have
finished the major boulevards and are on their way back to the yard on Romaine.

This is usually about 30 cars in violation - a substantial amount of revenue for the
city and a good use of your officer's time.

We would appreciate checking on this as well as the above RV violations.

Please try to keep on these problems for us.

We realize that you sometimes have limited resources during the early morning
hours.

Thank you for your efforts on our behalf,

Ron Grouper

Sir,

Sorry for the delay in responding I have been on days off.
The vehicle was cited for the violations you reported, however the records show that the citations are promptly paid.

If the vehicle has not moved please report it to the 1-800-ABANDON line. ([1-800- 222-6366](#))

This will create a record of it possibly being in violation and we can take the appropriate action.

As for the other issues stated, I'm going to have to refer you to contact the LAPD Senior Lead Officer for your area as we were instructed that they (The LAPD) will be handling those types of problems.

Thank you for bringing this matter to our attention.

Sgt. Olsen and Lt. Smith,
Just curious - were your officers able to ticket this vehicle at [1040 N. McCadden Pl.](#) at 0400 hrs this morning (11/28)?

it is a 30' Pace Arrow Motorhome CA Lic. H3HHX828 in violation of posted street sweeping signs for No parking 4am - 6:30am M - F. It has been here all week in violation of parking restrictions and it was still here at tonight at 2300 hrs.

I am guessing it will be here in violation at 0400 hrs. tomorrow Wednesday 11/29.

Also in violation of 72 hrs abandoned vehicle limit, which I just reported to LADOT.

My tenants now think that he is depositing fecal waste into my gated planter.

Although we have no proof - something is smelling out there!

Thanks!

Ron

Brian,
Your crew has been making progress on the constant
motorhome parking violations down here by Bancroft
Middle School -thank you!
I have noticed a few more tickets on RV windshields and
less RVs overall as a result.
However there are still some holdouts.
I just noticed 2 on my corner of [6750 Romaine](#) and
McCadden and 2 on [6500 Romaine](#) and Seward - the usual
suspects of course.

I imagine they are in for the night so if your guys are cruising around tonight 10pm to 6am in SoHo

Thanks!

Ron

Brian,

Thank you!

There are more there today on Romaine than I've ever seen.

I doubt if they will be moving tonight.

Thanks!

Subject: Re: 85.02

Brian,

Thanks, I sent a message to Ofc. Paul Jordan about 85.02 and he did respond and will be assessing the situation here on Monday.

I noticed a ticket or two on some of the motor homes along McCadden and Romaine on Friday. I wasn't sure if it was for the Romaine 2hr. parking 10pm to 6am or the McCadden No Parking Street Sweeping M - F 4:00am to 6:30am. Either way, they all seem to still be there tonight on Sunday at 6pm. I guess they're waiting for their 5 tickets to get towed away!

If any of your officers are in the area tonight or in the early morning, I'm sure you'll find some RVs parked illegally.

Thanks!

I scanned copies of the ordinance for your reference should you need it. I am sure you're very familiar with it though.

LADOT is not the agency that handles dwelling inside of motor vehicles. LADOT only handles parking violations. Living inside of the motorhomes and violations of 85.02, is solely the responsibility of the LAPD. The issues surrounding the schools and restricted areas should be addressed by LAPD.

Please keep us in the loop as our efforts will continue.
